

IMPORTANT: Investment involves risks. Investment value may rise or fall. Past performance information presented is not indicative of future performance.

The Pando CMS Blockchain ETF (the "Sub-Fund") is a sub-fund of the Pando ETF Series OFC (the "Company"), which is a public umbrella open-ended fund company established under Hong Kong law with variable capital with limited liability and segregated liability between sub-funds. The Sub-Fund is an actively managed exchange traded fund authorized under Chapter 8.10 of the Code on Unit Trusts and Mutual Funds. The shares of the Sub-Fund (the "Shares") are traded on the Stock Exchange of Hong Kong Limited (the "SEHK") like stocks.

- The Sub-Fund is not principal guaranteed and your investments may suffer losses. There is no assurance that the Sub-Fund will achieve its investment objective.
- The Sub-Fund employs an actively managed investment strategy. The Sub-Fund does not seek to track any index or benchmark, and there is no replication or representative sampling conducted by the Manager. It may fail to meet its objective as a result of the Manager's selection of investments, and/or the implementation of processes which may cause the Sub-Fund to underperform as compared to other index tracking funds with a similar objective. The Sub-Fund does not guarantee dividend distribution, therefore, investors may not receive any dividend payment.
- The Blockchain is a new concept. Some aspects of the Blockchain may be based on untested technologies. The risks that the Blockchain may present to companies involved in the Blockchain Business (as elaborated below) may not emerge until the technologies are more widely used. The Blockchain may expose certain companies involved in the Blockchain Business to fraud. Future regulatory developments could also affect the viability of the Blockchain and the business prospects of the companies involved in the Blockchain Business. The values of the companies involved in the Blockchain Business may not be a direct reflection of their connection to the Blockchain, and may be based on other business operations. The Blockchain may never exist on a scale that provides identifiable economic benefit to many or all of the companies involved in the Blockchain Business.

Please note that the above listed investment risks are not exhaustive and investors should read the Prospectus and the Product Key Facts Statement in detail before making any investment decision, including product features and risk factors. Investors should not base on this material alone to make investment decisions. This document was prepared by Pando and has not been reviewed by the SFC. Issuer: Pando Finance Limited.
